Walk Online Roadshow

Dear Parents

We are arranging to take Years 5&6 to Joyce Frankland Academy for the above Roadshow on **Monday 9th October 2017**. The Walk Online Roadshow aims to educate children aged from 8-11 how to be safe online and how to avoid giving away personal information and is presented by policemen who are highly skilled in this area (the same policemen that you may have seen at the workshop here in school). They are also holding a 2 hour parent event on the same day and we would encourage as many of you as possible to attend - Miss Jackman saw them again last week and a lot of the information given has changed dramatically from earlier sessions so she would recommend that parents attend even if you have been before.

DS Woodley says "Our message is that stranger danger is very real online. Most people looking to abuse young people will be online and our aim is to make children aware of this without scaring them but making sure they know how to stay safe online and be careful. Some of the content in the session is very grown-up but this is important at their age, to know to be safe and continue to be safe as they grow older using the internet as a vital part of their communication with peers". Chair of the Thurrock Local Safeguarding Children Board, Dave Peplow, says "This is a partnership event and one that takes this education straight to the front line. Adults will also come away knowing something they didn't before and can pass this onto young people".

We have arranged a coach to transport the children, which will be leaving school at 1:00pm and returning in time for normal hometime arrangements. Please sign and return the permission slip below to confirm that you are happy for your child to participate.

Yours faithfully

Claire Jackman
