Dear Parents

Relationship and Sex education- Year 5

We have the final part of the children's relationship and sex education planned for next week. This learning will build on the science teaching at the beginning of the year and all the PSHEC work they have covered in Key Stage 2 so far. We have lots of discussions which are based around the topic of puberty. There are a range of videos which we can show the children to kick start the discussions.

If you would like to pre-watch the videos in the comfort of your own home, please use the following link to see the ones we have available. We may not show all of these to the children- it really depends on how the lessons progress, but at least it gives you an idea of what they may see in case they come home armed with questions for you when you least expect it!
